SUMMER STUDENT PROGRAM

WHO WE ARE

Zarek Taylor Grossman Hanrahan LLP is a fast-paced civil litigation firm, with a deep breadth of expertise in all areas of insurance law. We have argued and won in all levels of court including the Supreme Court of Canada. We pride ourselves on providing client-focused solutions to complex legal problems.

OUR PROGRAM

We view our students as future lawyers at the firm. We provide extensive training to our students and hands-on practical experience.

Our students work directly with all levels of lawyers, including senior partners during their tenure. As a student at ZTGH, you will be exposed to the other practical aspects of a litigation practice by meeting and dealing with clients and other lawyers. Our students assist lawyers in preparation for mediations, arbitrations, and may accompany them to court virtually and in person.

Student enthusiasm and talents are always welcome at social events. We have weekly virtual drop-ins for continuing education to provide guidance to students and lawyers, in addition to our strong mentoring program. We respect, listen to, and give our students the chance to maximize their abilities.
